COMPANY PROFILE

GSP PERU FORWARDING starts operations on January 2016 with the strong goal of being one of the best choices on maritime and air cargo transportation giving special attention to importers and exporters of the national market.

At the present our business alliance with GLOBAL SHIPPING PARTNERS (USA) allow us to guarantee an international coverage of consolidated routes.

Fifteen years of experience of our founding partners take us to develop new management models and excellence operations in order to renew our services with convenience, confidence and confidenciality that all our customers need. GSP Peru Forwarding always looking for the best ocean/air rates and the quality service from the beginning until the last movement into logistic chain. Our Company procedures are based on integration, competitive manpower, kind management and systematic development for set the high service required.

OUR PRIMORDIAL THOUGHT

Is that every single customer is **IMPORTANT** no matter how small o big they are in the local market. Every customer became into one of our strategic partners and their relevant is our daily growth in this business.

WHAT WE OFFER…WE GIVE

We can assure that a friendship merged between GSP and our clients thought the time. They know that GSP PERU FORWARDING always is looking for the best economic for sea and/or air operations, creating the best combination of cost/benefit and thus getting the satisfaction that their interests were cared.

GSP PERU FORWARDING SAC offers to all our customers highly trained crew to provide the best personalized service, based on responsibility, service quality, efficiency and effectiveness in the coordination and implementation. To this we add the best agreements and negotiations are agreed with the various shipping lines, airlines and warehouses; find ourselves in a position to negotiate the best rates for effective reducing their logistics costs.
